Corporate governance in Opus Group AB 2015

Corporate governance in Opus Group is based on both external and internal instruments of control.

External instruments of control

External instruments of control include Swedish legislation (in particular, the Swedish Companies Act), the Swedish Corporate Governance Code ("the Code"), and the NASDAQ Stockholm listing requirements as specified in "Rule Book for Issuers".

Swedish Corporate Governance Code

Since July 2, 2013, the Company's shares have been listed for trade on NASDAQ Stockholm, and the Company has applied the Code from this date. Under the principle of "comply or explain", it is possible for the Company to deviate from the Code and choose other solutions deemed to better respond to the circumstances of the individual case, provided that the Company openly reports each such deviation, describes the chosen solution, and states the reason for this.

Internal instruments of control

The most important internal instrument of control is the Articles of Association adopted by the Annual General Meeting. This is followed by the Board's rules of procedure and the Board's instructions to the CEO. In addition, the Board has established a number of policies, guidelines and instructions with binding rules for the entire Group. All policies are reviewed annually.

Annual General Meeting

The shareholders' right to decide on the Company's affairs is exercised at the Annual General Meeting, or, where appropriate, at Extraordinary General Meetings, which is Opus Group's highest decision-making body.

The Annual General Meeting is usually held in April or May in Gothenburg. The Meeting appoints the members and the Chairman of the Board, elects the auditor, decides whether to approve the parent company's and the consolidated income statement and balance sheet, decides on the distribution of Company profits, decides whether to discharge the Board members and CEO from liability, and decides on director remuneration and auditor fees, etc.

Notice of the Annual General Meeting and of any Extraordinary General Meeting at which amendments to the Articles of Association will be addressed must be given no earlier than six and no later than four weeks before the Meeting. Notice of any other Extraordinary General Meeting must, in respect of companies whose shares are traded on a regulated market, be given no earlier than six weeks and no

later than two weeks before the Meeting.

Notice of the General Meeting will be published in the notification medium Post- och Inrikes Tidningar and on the Company's website. Indication that notice has been given will be published in the financial newspaper Dagens Industri.

The Company pays premiums for occupational pension insurance for other executive officers at agreed amounts or according to local agreements in Sweden. Issues related to remuneration to company management shall be addressed by the remuneration committee, and reported to and decided on by the Board. The Board is entitled to deviate from the guidelines if special circumstances exist.

Prior to the Annual General Meeting 2016, no changes are proposed to the principles for remuneration and other employment conditions of the company management.

Upon full exercise of Opus Group's option program, the dilution effect is maximum 5,878,757 shares or 2.0 percent of the share capital and number of votes.
