About Opus

Opus is a technology-driven growth company in the vehicle inspection and intelligent vehicle support markets. The company has a strong focus on customer service and innovative technology within emission and safety testing and intelligent vehicle support. Opus' goal is to reach an annual revenue growth of 5-10 percent, through organic and acquisitive growth based on 3-year CAGR, and an EBITA margin of 15 percent. The majority of the growth is estimated to come from the international expansion of the vehicle inspection business, with a primary focus on the Latin American and Asian markets, and the expansion of the intelligent vehicle support business.
